

(Residence Assessment Letter – Australia)

Dear Mr Smith

[Congratulations! You've cleared the first hurdle in your application to emigrate to Australia...](#)

Thank you for returning your completed Emigration Assessment Form. Based on the information you've provided, I'm pleased to tell you that your eligibility for an Australia Residence Visa looks very favourable.

Of the three migration category options open to you – Skilled, Business, Family & Special Eligibility – we feel that the 'Skilled' migration stream is your best option. Australia's General Skilled Migration programme is designed to attract people just like you who have skills the country needs – now and in the future.

To become one of the 190,000 migrants that Australia wants to attract every year, you'll need to have a certain number of 'points' based on things like age, qualifications and work experience.

And to make sure you achieve as many points as possible, you will need to present your case in an accurate and complete way. That's why we're inviting you to the next stage in the emigration process – a Personal Consultation (which was included in the £95 fee you've already paid).

You'll find our consultants to be both knowledgeable and helpful. We'll tell you everything you need to know about visa applications, time-scales, costs and how we can help with other resettlement issues such as housing and jobs.

In short, our mission at The Emigration Group is to use our huge experience to help you make the new life you want in Australia. To arrange your no-obligation consultation, call us now on 0800 000 0000.

Yours sincerely

Pxxxx Axxxx
